EXCLUSIVE EXPERIENCES

aLquemie

NATURE HAS THE ABILITY TO LIFT OUR SPIRITS, MELT AWAY THE STRESSES AND WORRIES OF MODERN LIFE WHICH IMPROVES OUR MENTAL HEALTH, AND IT MAKE US FEEL TRULY FREE. TO BE PART OF NATURE CAN BE LIFE CHANGING.

EXPLORE THE REGION FROM A DIFFERENT PERSPECTIVE

Kangaroo Valley

There are some places in the wilderness where nature over delivers. Gliding downstream with the backdrop of the Morton National Park in Kangaroo Valley is one such place. Take a seat in one of our custom-built double-canoe rigs and immerse your senses in its sheer beauty. Discover what is unapologetically, one of the most stunning waterways in the state. This is wilderness in its extreme and is home to the majestic azure kingfisher, wedge-tail eagle, diamond python, rock wallaby, white-breasted sea eagle, water dragon and more.

Berrima

Canoes, Cool Climate Wines and Canapés is the perfect combination of food, wine and wilderness. It's gastronomy heaven for lovers of great food as well as a wine tasting exploration of award-winning cool climate varietals and boutique craft beers from the Southern Highlands. All set in the great outdoors connecting you with nature as you explore breathtaking Australian waterways - the Wingecarribee River.

RELAX, UNWIND AND CONNECT WITH NATURE LIKE NEVER BEFORE

There has never been a better time to explore new wellbeing opportunities as we embrace the benefits of slowing down and putting our health first.

Forest bathing is a wonderful way to recharge, connect with nature and regenerate our souls as the practice involves a series of guided methods to help us relax, become more present and connect with the natural world.

Forest bathing, put simply refers to taking in the forest through our senses, and our introductory session is a great way to invite listening, healing, reflection and accepting into our environment in a low impact way.

With our trained Forest bather, you will learn how to find yourself in the company of trees or more succinctly master the practice of creating physical and psychological wellness through immersion in the natural environment.

MEET THE PRODUCERS

Olive Grove 5 course degustation at Kangaroo Valley Olives.

Set above the stunning Kangaroo Valley, this boutique olive producer grows and naturally produces on-site, preserving the quality of the product.

Beyond the olive production, they also offer a unique horizontal tasting experience, where guests enjoy a flavour sensation featuring a selection of the products produced on-site, including award winning oils, olives, and tapenade.

Walk amongst the Olive Trees with owner Brenda Sambrook, learn about the artisan process, the difference between oils in the market and how to recognise different varieties of olives.

This intimate experience is paired with local wine, as you dine and take in the breath-taking views over the Valley.

Each “course” is a taste sensation and a wonderful way to connect with a local, respected producer.

INTERACT, EXPLORE, ENGAGE

We can craft bespoke experiences tailored to your group.

Options include, but not limited to, engaging nature walks, paddling the waterways of the region, mountain bike riding through National Parks or abseiling down pristine cliffs.

No matter the experience, you will leave feeling refreshed and connected to nature like never before.

EXPERIENCE THE CULTURE OF AUSTRALIA

Located in the Shoalhaven region, this is a unique experience to connect with the culture of the region.

You will embark on a 2-3 hour experience which includes a welcome to country, smoking ceremony, an introduction to bush tucker and indigenous indicator plants, the opportunity to visit a sacred site – inside a cave and gain a true appreciation for the Aboriginal people who call this region home.

In addition to the introductory session, we can tailor the package with a more indepth experiences/workshops which can include

- Fire Making
- Speer Crafting
- Catch and Cook
- Indigenous Dance Lessons
